

Dear Parent,

As you are aware that due to the lockdown, we have created section-wise WhatsApp groups to facilitate the communication plus sharing of assignments/content followed by Google class room/Google hangout. We request you not to use the WhatsApp group for any other purpose except Academics. In case you have a serious concern/issue, you may post the message to the class teacher which will be addressed as quickly as possible if feasible. Also please facilitate and ensure that students will participate in all classes as time and circumstances may not permit us to redo the lessons. I also request parents/students not to record the lessons and not to share the content/teaching material with any other school.

Best wishes...

PRINCIPAL, HPSR
