

Be Vigilant

THE HYDERABAD PUBLIC SCHOOL™

Ramanthapur, Hyderabad

Dr. S. Narasimha Reddy

Principal

20th April 2020

Dear Parent,

Greetings to all, hope you are all safe.

As you all are aware that, the lockdown has been further extended till 7th May, 2020 which might have some impact on the mental wellbeing of students, in this unprecedented crisis, we have no alternative but to go ahead with online teaching till end of this month. However, after receiving some feedback from my staff concerning students behaviour, it would be best to lay down some norms for the students regarding our new platform of online classes. I am sure this will go a long way in ensuring better teaching and better learning. Students are required to follow the Norms as given below. Any violations of these norms will be viewed seriously and appropriate action will be taken.

NORMS FOR ONLINE LEARNING

1. Students should adhere to the Time table shared by the school.
2. They should be appropriately dressed for the classes.
3. It is mandatory to attend all the classes. The portion taught will not be repeated.
4. It's important that all the students listen attentively to the teachers.
5. Only one student will speak at a time.
6. Chatting on WhatsApp group while the class is in progress is not acceptable.
7. Using or posting any kind of indecent language is not acceptable.
8. Parents are not required to be present when the class is in progress. They can just provide technical support if required.
9. It must be understood that online teaching has the same importance as regular classroom teaching and hence should not be taken easily.
10. Instructions regarding completion and submission of assignments has to be adhered to strictly.

I request the parents to share the aforementioned norms with your wards and to abide by them.

I urge all the parents for further understanding and cooperation and at the same time I am grateful to you for all the appreciation you have expressed for conducting online classes.

Best Wishes

Dr Narasimha Reddy
(Principal, HPSR)
